

ENTERTAINMENT EXPRESS

Living Life to the Full

There are simply so many entertainment options on offer for seniors in our community today, but sometimes it's hard to experience them on your own!

The Entertainment Express package opens the doors to a wide range of exciting social options and re-connects you with your local community and enjoyable recreational activities, which may not otherwise be possible, due to restricted mobility, lack of transportation, or simply the luxury of having someone else to share them with.

From art exhibitions, craft fairs, flower shows, movies, shopping or visiting friends, this package is filled with ideas for special outings and puts fun and friendship back into everyday life.

About the Package

This package has been tailored to provide care and companionship for seniors and to reduce the occurrence of social isolation in the community through innovative social engagement activities. This package can be tailored exclusively to suit the specific needs of each individual.

Your Comfort Keeper will be

- A Social Organiser - to plan personalised entertainment options
- A Companion - to share all of the exciting options on offer
- A Chauffeur - to safely transport you to and from all social activities
- A Caregiver - to look after your personal needs
- A Connector - to keep you in touch with your close friends
- A Photographer - to take memorable snaps of your outings to show family and friends

How it Works

Following a free in-home assessment, a personal 'Entertainment Express' care plan will be prepared. Your Comfort Keeper will then arrange a suitable time to start the service. A regular feedback system and continuous improvement process will also be implemented to support the package.

About Our Caregivers

Each Comfort Keeper is carefully selected, screened and trained to provide the best service possible. From extensive background checks to ongoing training, we strive to offer the very best Comfort Keeper for any specific individual or situation. Comfort Keepers' Caregivers are police and credit checked, insured and covered by Workers' Compensation.
